--	--

A blank coordinate grid with x and y axes. The x-axis is horizontal and the y-axis is vertical, intersecting at the origin (0,0). The grid consists of a series of small squares, with the axes extending to the right and upwards from the origin.

A blank coordinate grid with x and y axes. The x-axis is horizontal and the y-axis is vertical, intersecting at the origin (0,0). The grid is composed of a series of small squares, with the axes extending to the edges of the grid.

A blank coordinate grid with x and y axes. The x-axis is horizontal and the y-axis is vertical, intersecting at the origin (0,0). The grid lines are spaced at regular intervals, but no numerical values are provided for the axes.

A blank coordinate grid with x and y axes. The x-axis is horizontal and the y-axis is vertical, both represented by thin black lines. The grid is empty, with no data points or labels.

A blank coordinate grid with x and y axes. The x-axis is horizontal and the y-axis is vertical, both represented by thin black lines. The grid is empty, with no data points or labels.
